Commissioner for Patents

Applicant's 29 July 2005 response to the Requirement for Information under Rule 37 CFR 1.105 (MPEP 704.10 ~ 704.14) mailed 30 June 2005 is considered non-responsive. Applicant claims to have no knowledge of relevant products and publications beyond the IDS of non-patent literature filed 07 July 2003 and the two co-pending applications 10/465,409 and 10/465,378. However, examiner has found several patents with common inventors presently held by Applicant that are certainly considered relevant, and some of said patents cite products, e.g., 6,947,205 B2, 6,556,470 B1, 6,731,532 B2, 6,876,570 B2. Please note, since examiner has found 15 to 20 relevant documents owned by Applicant but not acknowledged by Applicant, it is reasonable to assume that much more prior art, known to Applicant, might well exist.

Examiner has also found Devonald et al (Devonald) USPAT 5,275,924 that seems to disclose the basic technology despite differing terminology.

Applicant is required to fully comply with the Requirement for Information under Rule 37 CFR 1.105 mailed 30 June 2005. Examiner expects a thorough disclosure per said requirement.

Since the above-mentioned response appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
